GIS Product Price List for outside sales

OUR POLICY:

The City of Greeley does not provide custom map products for entities outside of city government, with the exception of those who are contracting a service with the city. Map products may require three days of production time and digital products may require ten working days for delivery. Digital products may also require a GIS License Agreement to be signed and submitted.

CITY ADMIN RULE 2005-01:

The cost of printed maps with no associated production time will be charged based on the media prices listed below by size. The cost of production for custom GIS products will be charged at \$50.00 per hour, with a minimum fee of \$100.00. Work on the plotter will be charged at a minimum of \$75.00 per hour.
