SECTION I. BACKGROUND, OVERVIEW, AND GOALS

A. Background

The City of Greeley is a home rule municipality with a council-manager form of government and is the county seat and the most populous municipality of Weld County, Colorado. Greeley is in northern Colorado and is situated 52 miles north-northeast of the Colorado State Capitol in Denver. According to the U.S. Census Bureau, the population of the city is roughly 111,000 which makes it the 12th-most populous city in Colorado. The City has an annual budget of ~\$490M with a fiscal year that starts Jan 1st, and employees over 1100 employees. Greeley is a major city of the Front Range Urban Corridor and home to the University of Northern Colorado which is a public baccalaureate and graduate research university with approximately 12,000 students and six colleges as well as Aims Community College, which has served the community since 1967.

B. Overview

The City of Greeley is seeking to upgrade and replacement of the line-array speaker system in the Monfort Concert Hall of the Union Colony Civic Center. The PA must be Rider friendly for national tours. All necessary rigging with motor points, cabling, power sequencing for the audio system and system controls as needed.

C. Goals

The current line-array speaker system in the Monfort Concert Hall (MCH) is not Rider friendly, the desire is to replace the system with a system that meets the need of the room and will satisfy touring Riders. The new system will be motor hung, any structure rigging that needs to be adjusted should be addressed and included. Please clearly address this in your proposal. Under-balcony and front-fill options should also be included.

SECTION II. STATEMENT OF WORK

A. Scope of Services

The scope of the services will include the following:

The Awarded Proposer will provide & replace the line-array speaker system with Rider friendly system, JBL Vertec/VTX, D&B, L'acoustic, EAW, Meyer (or similar systems). Room coverage will be +/- 2 dB over the entire audience area and must be capable of reaching a minimum of 115 DbA over the entire audience area.

The line-array speaker system will be hung on motorized points, these currently do not exist, as the current PA system is dead hung. Any building structure modification will need to be addressed and included in your proposal. Motor control location can be determined as needed.

The under-balcony and front-fill speakers will be provided with the installation. Front-fill speakers must be portable, as they will not be a permanent install, due to the multiple uses of the concert hall. The under-balcony solutions can be determined but should take into consideration the aesthetics and design of the concert hall. Current system is 70V ceiling mounted but is not affective.

All amplification and system control will be included. Placement of necessary system can be determined. The Awarded Proposer must ensure that City of Greeley and UCCC Staff will have full access of the system configuration after the installation is completed. The Awarded Proposer will provide all system documentation and intellectual property upon installation completion and payment in full. The Awarded Proposer will not retain ownership of any systems installed.

A power sequencing system will need to be installed and the Awarded proposer must replace the current MCH system. The current system is an Atlas Soundelier that is modified and is outdated. The system's power needs (or requirements) will need to be determined and the Awarded Proposer will need to provide an electrical contractor as part of the project.

The Awarded Proposer must provide a single sourced solution for the entire project.

Training of the new system and transfer of knowledge of the system to UCCC Staff is required.

B. Period of Award

The completion date of providing the required product and services shall be January 12th, 2024.

There are two installation windows available currently in 2024, January 2nd-12th, or July/August. The Awarded Proposer must work with the venue during non-show time and all work must be completed for full theater operation following scheduled events.

If the City desires to extend the contract, no later than thirty (30) days prior to expiration, the City's Purchasing Contact may send a notice in writing to the vendor requesting firm pricing for the next twelve-month period. After the City evaluates the firm pricing proposal from the vendor, it will determine whether to extend the contract. All awards and extensions are subject to annual appropriation of funds. The provisions of the foregoing paragraphs with respect to extensions of the terms of the contract shall be null and void if the contract has been terminated or revoked during the initial term or any extension thereof. All decisions to extend the contract are at the option of the City.

C. Minimum Mandatory Qualifications of Offeror
