

NOTICE REGARDING 2019 WELLNESS PROGRAM

The 2019 Health Premium Holiday offered by the City of Greeley is a voluntary wellness program available to all employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program you will be asked to complete a voluntary health risk assessment or "HRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease); a biometric screening, which will include a fasting blood draw as recommended and supervised by CareHere staff or through your personal medical provider's office; and Register through Virgin Pulse. You are not required to complete the HRA or to participate in the blood test or other medical examinations.

However, employees who choose to participate in the wellness program will receive a premium discount during the month of November and December. Although you are not required to complete the HRA or participate in the biometric screening, only employees who do so will receive wellness incentive specified above.

If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting Jennifer Cooney, Wellness Coordinator, 970-350-9705.

The information from your HRA and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program, such as health coaching. You also are encouraged to share your results or concerns with your own doctor.
